

# Internship Graphic Design and Illustration

100% / 6 Mt.

We are Zense, a Zurich-based consultancy whose daily bread is handling complex content of all kinds – all in the service of creating meaningful, sensual, and... slightly insane stuff. Our services include strategy mobilisations, internal/external communication, science communication and film production. Our product range includes (animated) films, infographics, web-sites, games, and more.

From June 2023, we're looking for a creative, open-minded and energetic personality with a talent for motion design, illustration and graphics.

---

## YOUR RESPONSIBILITIES:

- graphic design and illustration
- designing visualizations of all kinds (for print and digital)
- designing presentations
- asset creation for animations
- and sometimes typical trainee jobs like shopping, tidying up, copying, etc.

---

## WHAT YOU BRING TO THE PROVERBIAL TABLE:

- We look for someone with good knowledge of illustration, motion design and graphics. You should be a true master in at least one of these three areas (ideally with diploma). Other than that...
- a quick mind, enthusiasm, dedication, creativity – and a sense of humor
- a flair for wit, language and film
- good knowledge of the most important tools and programmes (Illustrator, InDesign, Photoshop)
- a passion for storytelling in all its forms (visual arts, movies, pop culture)

---

## WHAT WE BRING TO SAID TABLE:

- creative, curious, fun, and playful work colleagues
- the chance to work in an interdisciplinary team – and in an equally interdisciplinary field
- tasks that challenge both your analytical and your creative thinking
- a crash course in storytelling, visualisation and film production

---

Does this sound tailor-made for you? Then drop whatever it is you were doing and send us your CV and a brief but all-the-more-riveting cover letter. Contact us via [jobs@zense.ch](mailto:jobs@zense.ch).
