

INTERNSHIP MOTION DESIGN, ILLUSTRATION

100% / 6 months / Zurich

We are Zense, a Zurich-based consultancy whose daily bread is handling complex content of all kinds – all in the service of creating meaningful, sensual, and... slightly insane stuff. Our services include strategy mobilisations, internal/external communication, science communication and film production. Our product range includes (animated) films, infographics, web-sites, games, and more.

We're looking for a creative, open-minded and energetic personality with a talent for motion design, illustration and graphics.

YOUR RESPONSIBILITIES:

- Illustration and animation,
- draw storyboards,
- design infographics,
- (co-)produce animated films,
- and sometimes typical trainee jobs like shopping, tidying up, copying, etc.

WHAT YOU BRING TO THE PROVERBIAL TABLE:

- We look for someone with good knowledge of illustration, motion design and graphics. You should be a true master in at least one of these three areas (ideally with diploma). Other than that...
- a quick mind, enthusiasm, dedication, creativity - and a sense of humor
- a flair for wit, language and film,
- good knowledge of the most important tools and programmes (After Effects, Premiere, Illustrator, Photoshop, etc.),
- a passion for storytelling in all its forms (visual arts, movies, pop culture).

WHAT WE BRING TO SAID TABLE:

- Creative, curious, fun, and playful work colleagues,
- the chance to work in an interdisciplinary team – and in an equally interdisciplinary field,
- tasks that challenge both your analytical and your creative thinking,
- plenty of snacks, coffee, and get-togethers,
- and a crash course in storytelling, visualisation and film production

Does this sound tailor-made for you? Then drop whatever it is you were doing and send us your CV and a brief but all-the-more-riveting cover letter. Contact us via jobs@zense.ch (reach out to Nadja Wegmüller).
